Earning Income on Autopilot: Own a Ready-Made Vacation Rental Directory for Your City

Looking for an easy way to set up your own profitable online business? Whether or not you manage rental properties or own a vacation home yourself, John Romano is ready to help you launch a "Vacation Rentals Listing Website" targeted to a specific neighborhood, city, region, state or even international travel destination. If you are ready to get into the fastest growing sector of the travel industry... this may be the perfect online business for you!

No technical knowledge is required. You can operate this powerful, customizable website platform from any location and at your own schedule. The website will be unique for each destination because we limit one website for each city. The control panel of the website will allow you to manage unlimited vacation rental properties with complete property details such as photos, availability calendar, map, unlimited description, and much more.

What's included

- ✓ Most advanced vacation rental software and business model to match or beat the leading vacation rental sites
- ✓ Easy to use panels for the website administrator (you!) and for homeowners
- ✓ Content management system that's search engine friendly, ranking your website high on Google, Yahoo, Bing and other search engines
- ✓ Built-in keyword and advanced property search tools for travelers
- ✓ A dedicated single property listing page with user reviews and ratings, property highlights, rental price, availability calendar, etc.
- ✓ Provision for discounts and promotions - Fixed and percentage discount coupon codes can be easily created from admin control panel
- ✓ Integrated Authorize.net online payment gateway
- ✓ Integrated with HomeAway™ property management software EscapiaNET™ and ISILink™
- ✓ Customized logo, graphics, and maps
- ✓ Easy to update blog to announce events and attractions for your unique destination
- ✓ Free downloadable handbook for your newly registered vacation rental property owners

Why Buy This Proven Vacation Rental Listing Website?

- ✓ Instantly get a superb ecommerce vacation rental listing website using the highly optimized coding, functionality, and graphics
- ✓ Developing a comparable website requires specialized skills and expertise, can take several months or years, and can cost over \$100,000
- ✓ John Romano has perfected his own vacation rental listing websites over the past 10+ years and will provide you with the same foolproof coding for your own successful site
- ✓ We customize your vacation rental website for your target clients and destination
- ✓ There are no license fees or annual fees -- the code will be yours to use without restrictions at a fraction of what it would cost to build from scratch
